

La Spagna

This is a relatively simple Italian Bassa Danza. It is uncharacteristic in that it begins the dance, after the opening Riverenza and Continenzas, on the right foot instead of the left. The dance is done in a line of couples, as for a pavane, with the ladies on the right.

Part 1

1	RvR	Riverenza on the right foot.
2	CnR CnL	Two continenze, right then left.
3	SR SL	Two singles.
4 - 7	DR DL DR DL	Four doubles.
8	RpB	Reprise backwards.

Part 2

Note that the dance changes back to the left foot at this point.

9	SL SR	Two singles
10 - 11	DL DR	Two doubles

Drop hands, then turn to face your partner, and take their right hand in your right hand.

12 - 13	RpL RpR	Move sideways to the left (away from your partner) then back towards your partner.
---------	---------	--

Turn back to face the front of the line, joining hands again.

Part 3

14	SL SR	Two singles
15 - 16	DL DR	Two doubles.
17 - 18	RpT RpB	Drop hands for this sequence, ripresa turning, then a ripresa backwards.
